

Cortendo AB to Present at the Epic Biotech Conference in London on October 2, 2014

September 30, 2014 10:56 AM ET

September 30, 2014 -- Göteborg, Sweden and Radnor, Penn., U.S. -- Cortendo AB [ticker: CORT on NOTC-A], a biopharmaceutical company developing and commercializing products at the intersection of orphan diseases and endocrinology disorders, today announced that Matthew Pauls, President and CEO, will present at the Epic Biotech Conference on Oct. 2, at 12:20 p.m. GMT at The King's Fund, 11-13 Cavendish Square London, W1G 0AN.

Pauls will present an update on the company and its lead asset, NormoCort (COR-003), which is being studied to treat Cushing's syndrome in the international SONICS trial, a 90-patient, multi-site, open label Phase 3 study. The first patients enrolled in the SONICS trial in August.

The presentation will be available on the "Presentations" page in the Resources section of the company's website at www.cortendo.com after the conference.

About Cortendo

Cortendo AB is a global biopharmaceutical company incorporated in Sweden and based in the United States. The Company's strategic focus is to be the global leader in developing and commercializing products at the intersection of Orphan Diseases and Endocrinology Disorders. Cortendo aims to become the leader in the field of cortisol inhibition, with the lead drug candidate, NormoCort (COR-003), in a Phase 3 global clinical trial for the treatment of Cushing's Syndrome. The company's intent is to independently commercialize its Orphan/Endocrine assets in key global markets, and when necessary, partner non-strategic product opportunities, such as diabetes, at relevant development stages.

Risk and uncertainty

The development of pharmaceuticals carries significant risk. Failure may occur at any stage during development and commercialization due to safety or clinical efficacy issues. Delays may occur due to requirements from regulatory authorities, difficulties in recruiting patients into clinical trials due to physician or patient preferences or competing products, not anticipated by the company. There is no assurance that Cortendo will receive marketing and regulatory approvals necessary to commercialize or produce NormoCort (COR-003) or other products. Regulatory approvals may be denied, delayed, limited or revoked.

The commercial success of NormoCort (COR-003), if approved in a territory, cannot be predicted with certainty. In addition, Cortendo may face the risk of interrupted supply of NormoCort (COR-003) for clinical or commercial use from the subcontractors Cortendo has contracted.
